

Extensively used for the creation of popular movies, animation, games, automotive designs and other high-profile projects, as well as by photo enthusiasts, students and art training programs, Cintiq represents the state-of-the-art pen-on-screen experience for creative professionals. With 2048 levels of pen pressure sensitivity,

pen tilt detection and the natural ease of working with a pen, Cintiq represents an experience similar to working with traditional media, but with all of the benefits of working in advanced software applications in the digital world. User-defined ExpressKeys™ and Touch Ring functions speed time-critical workflows helping creatives meet crucial deadlines.
