Training Videos

The screenshot shows a web browser window with the URL <https://helpx.adobe.com/creative-cloud/learn/tutorials.html>. The page features a navigation bar with "Download Center" and "Learn" links, and a "Sign in" button. The main heading reads "Choose a product to view its tutorials." with a subtext "Or select a category to browse some of our recommendations." Below this is a horizontal menu with categories: "All", "Popular" (selected), "Audio/Video", "Gaming", "Graphic Design", "Mobile", "Photography", "Publishing", and "Web". A row of product icons follows: Acrobat Pro, After Effects (Ae), Dreamweaver (Dw), Illustrator (Ai), InDesign (Id), Photoshop (Ps), and Premiere Pro (Pr). At the bottom, a "What's popular" section displays four image thumbnails: a lighthouse by the water, a colorful abstract graphic, a sunset over a lake, and two people sitting on a beach.
